

Testing and Commissioning Phase Feedback Form

InTransitBC is commencing its testing and commissioning phase as part of the Canada Line Project.

Please take some time to review the Information Bulletin, talk to project team members and provide your comments or feedback using this feedback form. Completed forms can be handed to Canada Line representatives at the Registration table as you leave, or mailed to the Canada Line Project Office (see details below).

SECTION 1: YOUR CONTACT DETAILS (OPTIONAL)

First Name: Last Name:
Email: Telephone:
Postal Code:

SECTION 2: COMMENTS AND FEEDBACK

Feedback forms can be submitted by fax or mail. Feedback can also be sent by email to info@canadaline.ca. Forms should be submitted no later than December 31, 2007.

The Canada Line rapid transit system will run fully separated from traffic between the transportation hub at Waterfront Centre in Vancouver, the heart of Richmond's civic precinct, and Vancouver Airport. With 16 stations, two bridges, almost 19 km of tunnel and elevated guideway, parking and bus facilities, and transit capacity equivalent to 10 road lanes, the Canada Line will be an important new link in the regional transportation network.

The Government of Canada and the Government of British Columbia, the Greater Vancouver Transportation Authority (TransLink), and Vancouver Airport Authority are funding the Canada Line, which is also supported by the Cities of Vancouver and Richmond. The project is overseen by Canada Line Rapid Transit Inc. (CLCO), a subsidiary of TransLink. The Canada Line is being designed, built, operated, maintained and partially financed by InTransitBC.
